

K-Expert 11 KEX+ Puhastusgeel

ACIDIC CLEANING GEL

RANGE OF USE:

Viscous cleaner for commercial kitchens and food processing plants. K-Expert 11 can also be used in sanitary rooms and in rooms with high humidity, such as swimming pools and saunas. Removes dirt, precipitated salts, water stains and lime scale from sanitary porcelain, sinks and tiles. Also for cleaning stainless steel surfaces.

Do not use on marble or damaged enamel surfaces.

PROPERTIES:

Thanks to gel consistency clings to vertical surfaces. K-Expert contains acids which efficiently remove rust and precipitated salts. In addition, acids in formula work against microorganisms and therefore K-Expert 11 has disinfectant properties. Surfactants in composition remove grease and sediments. Product gives surfaces an even shine and fresh scent.

PACKAGE:

0,5 l plastic bottle, 5 l plastic canister

INSTRUCTIONS FOR USE:

For removing rust and precipitated salts apply product onto surfaces to be treated. Wait 5 to 10 minutes. For better results scrub with brush and then rinse. Repeat the procedure if necessary or extend contact time. For surface cleaning apply product using sponge or pour directly onto surface. Wait one minute and rinse with water.

COMPOSITION:

Organic and inorganic acids 5-15%, nonionic surfactants <5%, color, perfume

pH:

pH 1

PRECAUTIONARY MEASURES:

Irritating. Avoid contact with eyes and skin. In case of contact with eyes or skin, rinse immediately with plenty of water. If the irritation continues seek medical advice. Wear suitable protective gloves.

ENVIRONMENT:

The package is from PE; clean package can be recycled. Transport packaging consists of reusable corrugated board and polyethylene film.
