

K-Expert 2 MultiWash

General cleaner concentrate

RANGE OF USAGE:

For daily general cleaning of all water resistant surfaces in food services, hotels, offices and in other public facilities.

PROPERTIES:

Slightly alkaline general cleaner is suitable for all water resistant surfaces like polished and varnished floors, linoleum, ceramic tiles and faience surfaces. Detergent removes efficiently grease, tar and grime thanks to the surfactants in composition. Product gives floors and other surfaces an even shine and leaves the rooms smelling fresh.

PACKAGE:

1 l plastic bottle, 5 l plastic canister

INSTRUCTIONS FOR USAGE:

Dilute 25-100 ml of K-Expert 2 to 5 l of water. Apply solution onto surfaces to be treated using clean damp cloth or mop

COMPOSITION:

anionic surfactants 5-15%, amphoteric surfactants <5%, EDTA <5%, phosphate <5%, perfume

pH:

Dilution pH 10

PRECAUTIONARY MEASURES:

May cause skin dryness. It is recommended to use protective gloves. Avoid contact with eyes and swallowing. In case of contact with eyes, rinse immediately with plenty of water. If irritation continues seek medical advice.

ENVIRONMENT:

The package is from PE; clean package can be recycled. Transport packaging consists of reusable corrugated board and polyethylene film.
