

## MopTex Gel

Washing gel

**APPLICATION:** Highly concentrated gel detergent for machine-washing the cleaning textiles at temperatures 40–95°C. Can also be used for washing textile items in the food industry.

**PROPERTIES:** The product contains no rinse aid, bleach, zeolite, phosphate compounds or colorants. The washing gel is easily rinsed out and after washing, mops will be fluffy and look fresh.

**PACKAGE:** 2L jerrycan

**INSTRUCTIONS:** Pour the proper amount in the detergent drawer of the washing machine. Average dosage is 10ml per 1kg of dry laundry. With soft water and lightly soiled items the dosage may be reduced to 6-8ml/1kg. With very hard water and soiled laundry the dosage should be increased to 12ml/1kg.

For washing 4-5kg cleaning textiles, the average dosage of MopTex Gel is:

Lightly soiled laundry	Normally soiled laundry	Heavily soiled laundry
35ml	40ml	50ml

For better removal of detergent residues from mops it is recommended to avoid adding detergent for the pre-wash cycle.

**COMPOSITION:** Anionic surfactants 5-15%, non-ionic surfactants 5-15%, polyacrylates <5%, fragrance (Limonene), preservative (Benzisothiazolinone).

pH 8

**PRECAUTIONS:** Irritating to skin. Causes serious eye damage. Wear protective gloves for extended use. Avoid eye contact. In the case of eye contact rinse immediately with plenty of water. Seek medical attention, if the irritation persists.

**PACKAGE & ENVIRONMENT:** Rinsed empty packaging can be recycled. Transport packaging consists of reusable corrugated board and polyethylene film.
