Nordic Swan Ecolabel is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material, production, use, documentation, and safety.

The Global Recycled Standard (GRS) is a product standard for verifying and tracking recycled raw materials through the supply chain. At the same time, demands are placed on the use of chemicals, social and environmental conditions in the manufacture of the products.

POGI (Partnership for Public Green Procurement) is a community of municipalities, regions, and public organizations. The purpose is to make it easier for the public sector to buy environmentally friendly products.

MOIST

The product can be used in damp conditions.
